EN Our Service Vision

Our five-year strategic plan is driven by our strong commitment to PHCC's vision, mission and values.

Our vision

To be the leader in transforming the health and wellbeing of people's lives in Qatar.

We will achieve this vision by transforming the way health care is provided in Qatar. To enable this, we will strengthen our engagement with key partners across the health system to shift the balance of care from curative, hospital-based treatment to enhanced preventative, health and wellness services in the community. This will better align health care and resources toward an approach of person-centered, integrated care, with a focus on empowering people to make informed decisions for their health.

Our mission

As the preferred primary health care provider in Qatar, we are focused on providing excellent health care and wellness needs.
